

# Stand out from the crowd

**Beyond**  
by BearingPoint.

**Are you looking for a cutting-edge software company that places you at the forefront of technical innovation and puts your skills center stage?**

Beyond by BearingPoint is a leading ecosystem orchestration and digital platform provider, powering organizations to launch new services at speed and grow revenue in an era of cloud, IoT, AI and 5G by utilizing our digital platform and SaaS BSS. We're building our team with the best people, and that's where you come in.

## Platform Operations Engineer (m/f/x)

Premstätten | Full-time | Immediate Start

### What you'll be doing:

- You'll work together with a team responsible for the smooth operation and support activities for a complex platform solution for our key account customers
- Your responsibilities will include the assumption of complex technical analysis and finding solutions based on know-how
- You'll find solutions on your own or coordinate sustainable solutions by consulting our development team
- Your tasks will include maintenance and expansion of monitoring systems to recognize system anomalies at an early stage and to act preventively
- You'll contribute new ideas and make suggestions for a constant improvement and automation

### What you bring to the role:

- Completed IT education or comparable qualifications (ideal for career starters)
- Knowledge in the area Linux/Unix, skills in Java would be a plus
- Working experience with relational databases (SQL)
- Interest in solving difficult problems and analysis of problems
- Quick perception, independent work and responsibility
- You have a communicative, open personality and enjoy working with other people
- Communication skills in English (verbal and written). German would be an asset.

### What's in it for you:

- You'll work globally across a variety of projects in multiple international locations
- You'll continue to develop your skills with cutting edge technology in an agile working environment.
- You'll join a diverse and inclusive culture and enjoy our regular company and team events to ensure we continue to grow together.
- You'll have the opportunity to partake in a variety of opportunities for training and upskilling.
- You can avail of our multiple location specific benefits.

While a minimum salary of EUR 2.556,- gross per month applies for this position, we offer payment in line with the market depending on your qualifications and experience.
